COMPANY PROFILE

Qingdao Hampton New Material Co., Ltd.Located in Qingdao West Coast New Area, China, we specialize in wooden primed products and shutters for global markets since 2012. With an 18,000m² facility and 100+ employees, we ensure precision and durability using premium materials like Radiata Pine, MDF, Paulownia, and Poplar, Basswood， while accommodating custom requests.All products are export-oriented, combining cost-effectiveness with strict quality control. We aim to empower overseas partners with reliable, high-value solutions.

2012

Since 2012, we have been focusing on providing wooden putty products and blinds products for the global market.

18000 m²

We have a production site covering an area of 18,000 square meters, with complete facilities and equipment.

100+

Our enterprise has more than one hundred professional and technical personnel.

HIGHEST QUALITY WOOD

With professional experience and keen eyesight, the workers carefully distinguish the texture.
